50,000 United States visas are available in the Green Card Lottery, granting permanent residence and work rights to persons satisfying certain requirements from eligible countries of the world.

What is the Green Card Lottery?

The Green Card Lottery is a yearly, random drawing for diversity visa ("green card") applicants. Selected applicants, their spouse, and all unmarried children under 21 receive permanent residency and work visas. These diversity visas allow for immediate immigration to the United States. You and your family can be among this year's lottery winners, but you must register to participate! You are urged to register immediately to guarantee your inclusion in the current year's program.
